Product Overview

Manufactured in Mississippi by The Cozy King, the Kenzie Sectional is a modular seating system built for long-term performance in residential and commercial settings. Each piece features a kiln-dried hardwood frame with standardized connection points for flexible configurations. Upholstered to order in performance fabrics, Sunbrella®, or hospital-grade vinyl, the Kenzie is designed to meet the demands of designers and property managers. Sleeper-compatible layouts are available without compromising its clean, tailored form.
